PROPOSED PLAN AND DRAFT MODIFICATION OF THE ROCKY FLATS
ENVIRONMENTAL TECHNOLOGY SITE RESOURCE CONSERVATION AND RECOVERY
ACT PERMIT FOR OPERABLE UNIT 3: OFFSITE AREAS FOR REVIEW AND COMMENT -
TGH-350-95

Action: Operable Unit 3 Draft Proposed Plan provided for review and comment

Enclosed are three (3) copies of the "Proposed Plan and Draft Modification of the Rocky Flats Environmental Technology Site Resource Conservation and Recovery Act Permit for Operable Unit 3: Offsite Areas". This document is prepared for the purpose of announcing the Department of Energy, Rocky Flats Field Office's (DOE, RFFO's) preferred remedial action alternative for Operable Unit 3 and serves as the basis for the Operable Unit 3 Corrective Action Decision/Record of Decision. The Proposed Plan meets the requirements of the Comprehensive Environmental, Response, Compensation and Liability Act section 117(a), Resource Conservation and Recovery Act, and the Rocky Flats Interagency Agreement between DOE, RFFO, the Environmental Protection Agency, and the Colorado Department of Public Health and the Environment, dated January 1991.

This preliminary draft document is being provided to DOE, RFFO for review and comment prior to submittal of the final draft to the regulatory agencies. The document review will be conducted by Kaiser-Hill and DOE, RFFO in parallel to maintain the Operable Unit 3 project schedule. In doing so, we request that all comments from DOE, RFFO be submitted to Kaiser-Hill by close of business on November 22, 1995.

If you have any questions, please contact Stephen Hahn at extension 9888.
